2020 Congressional District Census

Commissioned by the Republican Party

Ronna McDaniel
Chairwoman

Monday Morning

Winning the 2020 Presidential Election is going to take a massive grassroots effort all across America. It is a battle we must win. That is why President Trump has requested that a Census of every Congressional District be conducted immediately.

Enclosed is your official **2020 CONGRESSIONAL DISTRICT CENSUS** registered **CODE** in your name as a representative of Grand Blanc.

Your registered census is one of the select few being mailed into Michigan's 5th Congressional District. In order to build the data models needed to target voters in Grand Blanc and help ensure the re-election of President Trump and Republicans up and down the ballot, it is critical that we receive your completed Census Document no later than February 24th.

because of your high level of political involvement, your personal input on the questions presented in your Census Document is extremely important to our nation's future.

This is the largest Congressional District Census our Party has ever taken for a Presidential election. Your completing and returning your 2020 Census Document is central to our ability to devise a winning Republican strategy in your area as we prepare for President Trump's re-election year.

Our research shows that the nationwide Congressional District Census that we are conducting is helping the RNC put together the critical information and voter profiles needed to target audiences with the truth concerning our agenda and will be a deciding factor in who wins in November. With control of the White House – and our entire government – at stake, your personal involvement in our 2020 Census Project is more important than ever – especially with the Democrats working at every turn to impeach and destroy President Trump.

With our nation so politically divided and the Democrats and mainstream media constantly spreading their lies and fake news about President Trump and his administration, it is difficult to get the real facts about his agenda out to Americans all across the country. That is why it is so important that you return your Census Document immediately to me here at RNC Headquarters.

your participation in this national effort will provide us with the detailed data we need concerning Michigan's 5th Congressional District. Most importantly, it will show the Liberal Democrats in Congress, the radical special interest groups, and their Left-wing allies in the media that the American people support President Trump and want to advance his agenda.

So please, act today to complete your **2020 CONGRESSIONAL DISTRICT CENSUS** and do your best to get it back to me at RNC Headquarters by February 24th.

At the same time, please include a generous contribution of \$25, \$50, \$100, \$250, \$500, \$1,000, or whatever you can send to help underwrite the costs of this project and provide us with the resources we need to continue to identify and register new voters, strengthen our grassroots operations, better deliver our message to all Americans, and re-elect President Trump and Republicans at all levels of government.

(Over, please)

I'm making this special appeal for your financial help now because President Trump and our Party cannot win re-election and continue to make major progress with his efforts to Make America Great Again – and Keep America Great – if we don't have the funds we need to fight back against the Democrats' ruthless propaganda machine and their never-ending witch hunt to destroy our President.

With the Democrats in Congress determined to impeach and destroy President Trump, and with all the ultra-Liberal Socialist candidates lining up to challenge him, he is facing even more brutal non-stop attacks. They are doing anything and everything they can to bring all of his accomplishments to a screeching halt, block legislation in Congress, hold up Presidential appointments, work relentlessly to stop us from doing what's best for America – and set the stage for them to capture total control of our government so they can enact their Big Government Socialist agenda.

What the Liberal media doesn't want the majority of Americans to know is that ever since President Trump entered the Oval Office, he has consistently delivered on his promises to make our nation better for all her citizens.

Under Donald Trump's leadership, our country's economy is strong – and getting stronger. We passed the largest tax cut in America's history. We are cutting unnecessary federal regulations. Jobs are coming back all across our nation. We are working to fix our nation's broken health care system. Conservative judges are being confirmed to our nation's courts...

...We're moving forward to fix our nation's illegal immigration crisis, replace our aging infrastructure, and tap into our country's huge energy assets. We're investing heavily in fighting the opioid crisis at all levels. Our nation's veterans are getting the attention and care they've earned and deserve. We are rebuilding America's hollowed-out military and creating a safer America that will confront terrorism and other threats to our country head-on.

None of these accomplishments mean anything to the Democrats.

Chuck Schumer, Elizabeth Warren, Nancy Pelosi, Kamala Harris, Adam Schiff, and their Liberal cohorts are determined to put their radical, costly, and destructive politics first – ahead of the good of our country – as we witnessed in the confirmation hearing of Supreme Court Justice Brett Kavanaugh and now in their ridiculous efforts to impeach President Trump.

They are fiercely fighting President Trump's every move to build on his positive record for the people. Together with their allies in the mainstream media, our political foes are continuing to divide our great nation, destroy our heritage and values, and are working to destroy President Trump and the Republican Party at every turn. Their goal is simple – capture the White House and control of our government and our lives in the November elections.

As Chairwoman of the RNC, my top priority is to make sure we have the organization and the funds to stop their efforts to change our nation into a Socialist country by ensuring Donald Trump is re-elected the 45th President of the United States.

Our nation's changing demographics demand that we Republicans reinforce and expand our message of opportunity for all. We must reach women, minorities, young Americans, and other voting blocs with our inclusive message of fiscal responsibility and pro-growth policies. And we must make clear to all Americans that our country's best future lies in re-electing Donald Trump and Republicans at all levels.

(Next page, please)

This Census is an essential step in building – brick-by-brick, town-by-town – a nationwide, activist network second to none, that will keep in touch with voters like you to make sure we are locked into the pulse of America and understand who our voters are and what issues are of most concern to them.

BY COMPLETING AND RETURNING YOUR CENSUS DOCUMENT TODAY,
YOU CAN HELP MAKE THIS EFFORT A MAJOR SUCCESS.

Your opinions will represent literally thousands of Republicans in your Congressional District when it comes to key questions such as:

- Do you agree that President Trump and our Republican leaders in Congress should continue to be aggressive in working to pass legislation to create jobs, cut taxes and regulations, and make America more competitive at home and around the world?
- The threats posed by domestic and international terrorists; the growing reality of cyberattacks to our nation's government, businesses, and infrastructure; instability in the Middle East; and the military build-up of Russia, Iran, and China demand solid leadership. Do you support our efforts to do everything we can to protect our country and restore America's position in the world?
- The almost total collapse of America's once-workable immigration system in recent years has proven to be a very volatile and divisive issue. Do you support President Trump's efforts to secure our nation's border and work aggressively to enforce long-standing immigration laws to solve our nation's illegal immigration problem?
- ObamaCare has been a disaster for our nation's health care system and must be addressed. The Democrats support Medicare for all, which would eliminate private insurance plans in favor of a government-run plan. Republicans want to replace ObamaCare with free-market reforms that will protect individuals with pre-existing conditions, remove government's costly and intrusive role, broaden access, enact medical liability reform, and make health care more transparent and affordable for all Americans. Which proposal do you support?
- Do you believe that the national media has a strong bias against all things Republican and fails to tell America's voters the real facts about President Trump's accomplishments and policies?
- What are the most important national issues that you feel are most directly relevant to your life and family?

The answers you provide in your Census will help us shape our strategy and allow President Trump and our Republican incumbents and challengers to continue to battle for a bold agenda that reflects the priorities of the citizens of this country – one that will frame the national debate, strengthen our Republican voice in setting policies, increase voter turnout, and keep our nation on a secure course.

Today's divisive political environment underscores just how crucial it is for our Party to be prepared to fight for every vote – not just in what is sure to be a costly, fiercely fought contest for the White House – but also in races up and down the ballot all over the country.

If we fail to maintain the White House and our U.S. Senate Majority and do not capture a Majority in the U.S. House, the Democrats will bring a wrecking ball to all of President Trump's achievements and will do everything possible to enact their Big Government Socialist

(Over, please)

agenda of major tax increases on all Americans, massive spending, job-killing regulations, and a weakened military.

We can't let that happen.

That means the RNC must go all-out to invest heavily in opposition research, voter outreach, Party expansion, and grassroots organizing. And we must have the funds necessary to use the latest technologies to execute our campaign plans and get our Republican message out to ALL Americans.

To be successful, we must put these action items into full swing – NOW.

That is why I sincerely hope you will send a contribution of \$25, \$50, \$100, \$250, \$500, or \$1,000 along with your completed **2020 CONGRESSIONAL DISTRICT CENSUS**.

Politics in America today is a non-stop struggle. President Trump cannot succeed, nor can our Party prevail over the non-stop attacks and lies the Democrats are constantly spewing in their efforts to divide and destroy our great nation, without the input and support of dedicated individuals like you.

America is truly at a crossroads. The path to a positive future for our children and grandchildren is in your hands.

[REDACTED] the fight to re-elect President Trump and Republicans at all levels has begun. At stake in the November elections is the survival of our Democracy and our country. We must have the funding necessary to build the most powerful grassroots operation ever used in a Presidential election and be prepared to work for every single vote in races all across the country – including contests in Grand Blanc. If the Democrats win this battle, it will prove disastrous for America's future.

Please stand with us – let me hear from you by February 24th.

Sincerely,

Ronna McDaniel
Chairwoman, Republican National Committee

P.S. [REDACTED] President Trump and our Party very much need your commitment and support today – especially with the Democrats working at every turn to destroy him. As a registered participant in our **2020 Congressional District Census Project**, you are on the frontline of the battle to stop the Democrats from defeating President Trump and turning our nation into a Big Government Socialist country. Today, I am counting on your help to ensure we meet that goal.

So please, I urge you to help the RNC continue to build the grassroots organization we will need to help President Trump win re-election along with all our Republican candidates up and down the ballot by completing your **2020 CONGRESSIONAL DISTRICT CENSUS** and returning it with a generous contribution of \$25, \$50, \$100, \$250, \$500, or even \$1,000 in the enclosed envelope.
